Meet Choad McBligh, the horny Captain of the Jupiter 42. He is Master of life and death on his starship, and frankly, a giant purple pain in the posterior!

This sexy, 3D-HD sci-fi satirical spoof follows the adventures of Captain Choad and his conflicted crew. Once a band of merry buccaneers, they are now a brawling gang ripe for mutiny! They've had enough of their tentacled tormentor. Witness their mutinous descent into hilarious anarchy as they travel the universe, getting into trouble, looking to make a quick buck and hopefully, avoid getting thrown in jail!
