Lilly was just a normal girl with a healthy sense of adventure. That is, until she finds a magical book, complete with a funny (but forgetful) little dragon, Hector. With the help of her new friend and the book, Lilly has the ability to time-travel and truly satisfy her adventure-lust! If she desires to discover why Atlantis disappeared – she can; if she wants to try and prove that the Loch Ness Monster exists – she can! However, when Hector adds his touch, a simple adventure can go haywire. In the end, a little magic and lots of good sense save the day, and through all the fun and adventure, Lilly returns home somewhat changed and certainly wiser!
