YEAR:
2017

A sensible, creative and overachieving 17-year-old student in a respectable, middle-class family seems to be having the perfect ride until she experiences her first manic episode of Bipolar disorder.

High Life is a comic drama about an unexpected teenage crisis; a bomb-blast in a safe, middle-class and discreetly dysfunctional family who are completely unprepared for their daughter's emotional collapse. However, this is much worse than regular teenage behaviour...
