Who said that you should sit in the classroom to learn Mandarin? Who said it's hard to learn Mandarin? In each episode, viewers travel with Xinwen. Xinwen, the host and qualified teacher, teaches one Chinese sentence related to the spot they travel to in English as a bridge.

So the series of the show is suitable for everyone who can understand simple English. In this way, the beginner can keep interested as well as feel relaxed. The first 6 episodes are shot in Beijing.
