Producer: Rococoeur

Worldwide Rights

Waterfalls are cascading down, the city of Quebec is in the panorama and there lies a beautiful family orchard established on an island...

Disturbed by the eccentricities of the matriarch and by the unexpected return of Marie-Alexandra after a long exile, the Béliveau's family reunion turns out to be a real war of thrones. Marie-Alexandra, a troubling and magnetic woman, convinces her six cousins in the meanders of a night where everything seems possible. Master of the game whose rules she dictates, Marie-Alexandra holds and controls her 6 "princes". With great balance of power, she opens a gap in time. Heart of Gold is a necessary hunt, that of the authentic fury of our childhood games.
