

A JOURNEY TO AN UNKNOWN WORLD AND ON ROADS OF TOTAL EXTINCTION

WORLD'S MOST ISOLATED TRIBES

4 CONTINENTS, 30 COUNTRIES, 60 TRIBES, FILMED OVER 2 YEARS.

The journalist Jorge Said travels alone throughout Africa, Asia, and the Americas in search of the most isolated tribes on the planet who have had little contact with the outside world and are on the verge of disappearing. A voyage to the jungles, mountains, and deserts.

In each episode, he films and narrates the journey and the difficulties that led him to these remote places to learn about the traditions that have been kept alive since ancient times. Aborigines, hunters, and nomads still maintain a life that has survived until the XXI century. A series of adventures and great cultural impact. (21 x 52')
